

CSE-4104
Engineering Drawing
Lab Final test-2022

Instructions :

Marks:30

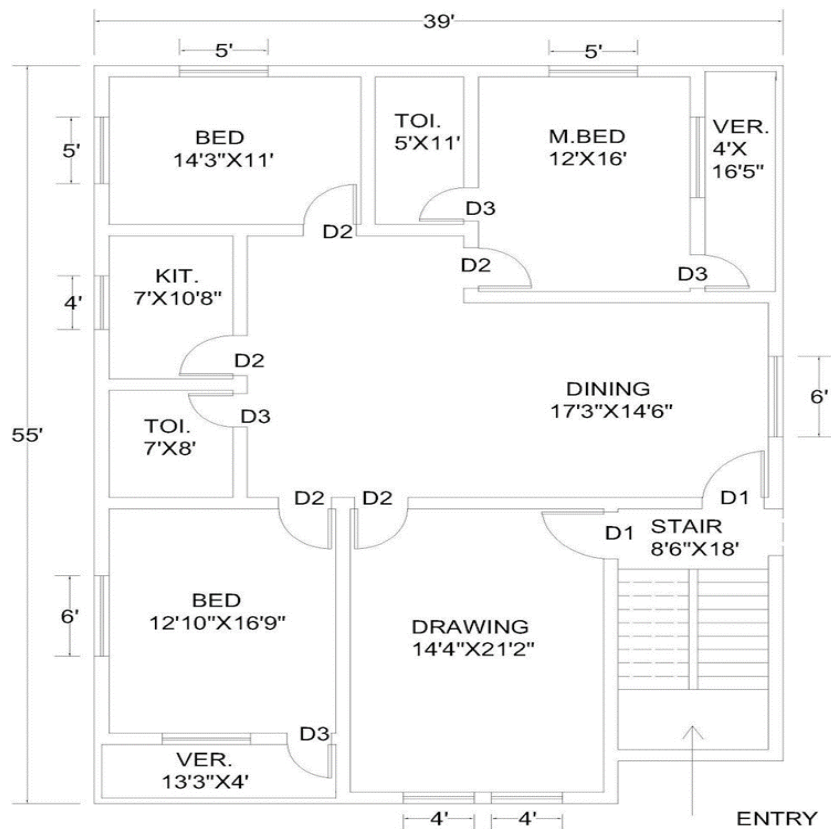

1.Objective of the lab final is to draw the figures depicted in the following images including the dimensions and the texts.

2.If the dimension or some other information regarding the tasks are missing, then you have to assume that it is intentional. You can assume any **suitable** dimension for that part if it is not given.You must annotate the measurements using Dimensions. Set the dimensions style in such a way so that I can clearly see the numbers and set precision in dimensions in such a way so that entire fraction is displayed.

3.Obtained marks will be based on the similarity between following images & your tasks and completion time.

4.Task Completion Time : **2:30 pm - 4:00 pm** (1 hour and 30 minutes).

Task 1 (Marks-15):

Task 2 (Marks-15):
